**Minority Rights in Asia: A Comparative Legal Analysis** Joshua Castellino, Elvira Dominguez Redondo  
Minority rights law has been an important axis for the evolution of international law itself. While much has been written about minority rights regimes in Europe, there is very little information available with regards to Asian experiences. Countries in Asia, with their diverse populations, are struggling with constructing legal systems that will deliver on the promise of equal rights to all its citizens. This book evaluates these attempts in four Asian states: India, China, Malaysia and Singapore by examining the theory and practice of minority rights law in these vastly different settings.
