Portraits of Promise: Voices of Successful Immigrant Students (Youth Development and Education Series) Michael Sadowski

By 2040, more than 30 percent of students in the United States will be immigrants or the children of immigrants.

What factors can help these young people thrive in school, despite the many obstacles they face? And how can school staff best support immigrant students' academic and personal success?

In *Portraits of Promise*, educators hear from the ultimate experts—successful newcomer students who have been in the United States for five years or less.

Drawing on the students' own stories, the book highlights the kinds of support and resources that help students engage positively with school culture, establish supportive peer networks, form strong bonds with teachers, manage competing expectations from home and school, and navigate the challenges of high-stakes testing and the college application process.
