Eyes of the Heart: Photography as a Christian Contemplative Practice Christine Valters Paintner

In this first book to explore photography as a spiritual practice from a Christian perspective, Christine Valters Paintner builds on the process of contemplative creativity she introduced online at Abbey of the Arts and in her book *The Artist's Rule*. She considers how a camera can help readers open “the eyes of the heart.” More than a book on photographic technique, *Eyes of the Heart: Photography as a Christian Contemplative Practice* is about cultivating photography as a spiritual practice. Adapting the monastic practice of *lectio divina* (sacred reading) into a form of *visio divina* (sacred seeing), spiritual director and Benedictine oblate Christine Valters Paintner invites readers to a new way of viewing the world—through the lens of a camera. Paintner guides readers through six themes connecting the medium of photography with the Christian spiritual life. Each theme provides a photographic journey in which the reader does not simply take images, but receives images and learns to see with “the eyes of the heart” (Eph 1:18). Photos by the author are included.
