Dermatologie infectieuse (French Edition)

Mourad Mokni, Pascal Del Giudice, Nicolas Dupin

Dermatologie infectieuse (French Edition) Mourad Mokni, Pascal Del Giudice, Nicolas Dupin

L'infectiologie est une discipline essentielle et complexe de la dermatologie. Cette pratique implique de larges connaissances cliniques, un suivi de l'actualité des avancées thérapeutiques et une capacité à mettre en œuvre un traitement parfois long et contraignant.

L'objectif de cet ouvrage est de répondre à ces problématiques en abordant de manière exhaustive les expressions cutanées des maladies infectieuses selon les pathogènes en cause : virus, bactéries, mycoses, parasites, ectoparasites, algues. Les principaux syndromes infectieux sont aussi présentés, de même que des situations cliniques particulières avec un focus sur les populations vulnérables, les pathologies antérieures à risque et le cancer.

Chaque chapitre recouvre tous les aspects épidémiologique, microbiologique, clinique, diagnostique, thérapeutique et préventif le cas échéant. Cet ouvrage de référence a été rédigé par des spécialistes francophones, experts de la dermatologie infectieuse. Illustré par 300 photos retenues pour la pertinence de leur représentativité, il constitue un outil précieux pour la pratique quotidienne des dermatologues, des infectiologues et des médecins généralistes. Ce livre s'adresse également aux étudiants cherchant à en connaître davantage sur cette discipline couvrant un large spectre de compétences.
