What the Heart Wants (Heart Series Book 1) Marion Myles

I talk to animals.

Not in actual words, mind you. It's all about sensing energy and emotion. Too bad I don't have that ability with men. My last three relationships crashed and burned. In fact, I'm officially done with dating. Besides, with a thriving equestrian business to run, who has the time?

Everything changes when Leo comes roaring into my life.

Leo is a stunning black gelding with talent to burn and an insecurity streak a mile wide. After one ride, I know I have to keep him even if it means putting up with his human entourage.

Katherine, Leo's rider, is a corrosive element if I ever saw one. But it's Nicholas, the owner of Leo and boyfriend of Katherine, who has me seriously worried. He is, quite simply, the most beautiful man I've ever laid eyes on. It's not only his good looks that have me mesmerized, there's something different about him...something that has all my senses short-circuiting.

If you love romance novels involving deep emotional connections between the main characters - with maybe a hint of darkness and a side of angst - this is the story for you.

What the Heart Wants is the first full-length novel in the **Heart Series**. The second book in the series - *Drawing from the Heart* - is available now on Amazon. Look for *Feeding the Heart* to be available June 1, 2016. .
