**Exodus** Lars Iyer

**A wickedly funny and satisfyingly highbrow black comedy about the collapse of Western academic institutions under the weight of neoliberal economics and crushing, widespread idiocy.**

Lars and W., the two preposterous philosophical anti-heroes of *Spurious* and *Dogma*—called “Uproarious” by the New York Times Book Review—return and face a political, intellectual, and economic landscape in a state of total ruination.

With philosophy professors being moved to badminton departments and gin in short supply—although not short enough—the two hapless intellectuals embark on a relentless mission. Well, several relentless missions. For one, they must help gear a guerilla philosophy movement—conducted outside the academy, perhaps under bridges—that will save the study of philosophy after the long, miserable decades of intellectual desert known as the early 21st-century.

For another, they must save themselves, perhaps by learning to play badminton after all. Gin isn’t free, you know.

*From the Trade Paperback edition.*
