The Judas Project (Superbolan) Don Pendleton

The cold war just the cold war just got got hot again...

The old Soviet Bloc espionage games have resumed on a covert and catastrophic new playing field: the U.S. financial markets. The enemy isn't the Russian government, but long-dormant sleeper cells in America's cities, planted by the KGB decades ago. Now a former Kremlin official has found the top-secret files and stolen the blueprint, ready to pocket and manipulate America's resources. He has hijacked operation Black Judas, enlisted the KGB's most lethal assassin to terminate operatives, and has begun reshaping a brilliant plot to steal billions of American dollars. But he didn't plan on a beautiful Russian cop on a vengeance hunt, or an American warrior named Mack Bolan in deadly pursuit, gunning for blood and justice.
