Caring and Social Justice Marian Barnes

Care giving has become a high-profile issue in policy and practice, yet much of the literature conceives it as burdensome or even oppressive. Drawing extensively on real-life examples of care giving relationships, *Caring and Social Justice* reveals an uplifting alternative approach to caring that highlights its contribution to social cohesion and social justice. It offers a clear overview of the literature including debates about an 'ethic of care' and offers a thought-provoking survey ideal for undergraduate and postgraduate study.
