## **Thomas World** Richard Cox

Thomas Phillips knows he's losing his mind. He's been losing it for as long as he can remember. And yet, when a strange old man asks him to consider that he, out of everyone in the world, knows the real truth, Thomas' life begins to spiral out of control. He loses interest in his job and is fired. He refuses his wife's suggestion of psychiatric care, and she leaves him. In the end, Thomas is alone. Except he's not, because someone seems to be following him. What if you were Thomas? Where would you go? What would you do? What if you realized every person in your life had been scripted to be there? What if you were haunted by the idea that you'd lived all these encounters before, hundreds or even thousands of times before? And what if the person watching all this time was you?

Thomas World explores what happens when the borders of reality start seeming a bit porous... when things start bleeding through the edges, challenging one's perceptions of the universe. The grand tradition of Dickian, New Wave SF is explored by Richard Cox in this 21st century thriller!
