A young woman discovers she has tremendous psychic power

The baby's name is Mary, and her father is immortal. For thousands of years he has orchestrated a selective breeding project, attempting to create a master race capable of controlling others through thought. Most of his attempts have resulted in volatile mutations, but Mary—whom he has raised in the rough part of a Southern California town—is the closest he has come to perfection. If he doesn't handle her carefully, this greatest experiment will be his last.

As Mary comes of age, she begins to grow aware of her psychic powers. And when she learns of her father's plans for her, she refuses to acquiesce. She challenges him to a psychic war, battling to free her people and set a new course for mankind.
