Medical Hypnosis Primer: Clinical and Research Evidence

Medical Hypnosis Primer: Clinical and Research Evidence

This brief *Primer*, assembled by top recognized hypnosis authorities, briefly presents the basic concepts of modern medical hypnosis and encourages mental health care practitioners to learn how to use hypnosis as an adjunct to standard medical care. It also lays the groundwork for the teaching and practice of hypnosis as part of the required syllabus for every medical and nursing school as well as graduate programs in clinical and counseling psychology. *Medical Hypnosis Primer* goes far in advancing the medical and factual aspects of this still greatly misunderstood field, and is of great value to practitioners, teachers, and students.
