Los estudios asiáticos son un tema que poco a poco ha comenzado a generar gran interés en el ámbito académico chileno, generando espacios interculturales de reflexión y diálogo desde los mismos centros de formación. Un ejemplo concreto de lo anterior es la realización del Concurso de Ensayo sobre Corea, que ha gestionado el Centro de Estudios Asiáticos de la Pontificia Universidad Católica de Chile durante los últimos nueve años. Esta convocatoria busca un diálogo multidisciplinario entre los alumnos de pregrado de esta universidad. Esta es la segunda ocasión en que algunos de los ensayos ganadores -esta vez, entre los años 2011 al 2014- son recopilados en una edición en formato digital del libro.

Temas como el idioma, las relaciones políticas, el desarrollo económico, las leyes, la educación, los elementos culturales e identitarios, la comida, el cómic y los movimientos populares, se encuentran en estos ensayos, que en muchos casos intentan dar a conocer la cultura coreana y su relación con la cultura chilena desde las mismas perspectivas académicas de los alumnos. Ellos han ido enriqueciendo cada vez más este espacio de reflexión y han ayudado a impulsar los estudios asiáticos desde la academia.
