Explore love among the monsters in stories of romance, fantasy, and horror. Meet werewolves and vampires, a wandering ghost, and eldritch creatures from an alien dimension. A stray cat receives the gift of speech on Christmas Eve and uses it to help a runaway teenage girl. An expert thief accepts a job from an evil wizard to save her brother, and a sorceress goes on a mission to rescue a noble maiden captured by a beast-man. A fantasy fan trying to get over the death of her fiancé embarks on a quest in the magical virtual world of a computer role-playing game with a man who fascinates her even though they have never met in the flesh—and they get trapped inside the game. These heroes and heroines confront hard-won truths about themselves at the border between human and nonhuman.
