The Art and Science of Teaching and Learning: The Selected Works of Ted Wragg (World Library of Educationalists) E. C. Wragg

Ted Wragg is well-known for his writing on all the essential issues in education and over the last thirty years contributed over forty books and a thousand articles to the field. This book offers a personal selection of his key writings in one volume for the first time. With a specially written introduction, this internationally renowned author contextualises his work and gives an overview of his career. The broad-ranging subjects covered include:

- classroom teaching and learning
- training new and experienced teachers
- curriculum in action
- educational policy and its implementation
- communicating with professional and lay people.

This is the ideal book for those who want to have what Ted Wragg considered to be his best pieces in one place.
