*How to Beat the Pro Football Pointsread* will set bettors on a confidence-building path lined with high-priority realities which for decades have flown under the typical football bettor's radar. Smith emphasizes that pure football knowledge must be absorbed, then applied to the world of pointsreads. He teaches his readers to look at the game with the bettor's eye instead of the fan's, and explains his theories on reasonable statistical expectations and how to challenge the oddsmakers. He also discusses the implications of coaching styles, stadium locations, and even the weather on each bet made throughout the season. With years of football betting under his belt, Smith has written a key resource for anyone wagering on America's most popular sport.
