Velazquez: The Technique of Genius

Professor Jonathan Brown, Carmen Garrido

Velazquez: The Technique of Genius Professor Jonathan Brown, Carmen Garrido

Great painters are invariably great technicians. In creating the techniques he needed to express his ideas, Velazquez became one of the most original practitioners of the art of painting ever known. In this richly illustrated book, two widely recognised specialists on Velazquez -- one an art historian, the other a conservation scientist -- combine their expertise to show exactly how Spain's most famous painter realised his artistic vision. More than two hundred photographs of details of Velazquez's paintings vividly demonstrate how the artist realised his vision of man and nature through a highly allusive, economical manner of painting.
