The Role Of Creative Altruism In Global Management Gebhard Deissler

Essay from the year 2011 in the subject Cultural Studies - Miscellaneous, , course: Interkulturelles Management, language: English, abstract: If there is no love, do what you will, it only creates more misery. Those are roughly the words which have been spoken by a wise man. The preaching of churches, mosques, temples and synagogues, the philosophies, culture gurus, everything that is taught in schools, academies and universities therefore seems utterly meaningless if it lacks that fundamental value of values and is bound to become counterproductive individually and socially over time. No value can have any worth unless it is based on love. Without it no solution in any area of life can be truly and lastingly satisfactory.
