Folded Dreams - the Beginning Pearl Kirkby

When we reminisce, we think we're remembering our past. But if time is relative, rather than fixed, what exactly are we thinking back on...The past, or the future? Maybe some time in between?

Memories from birth, to a death by flaming inferno and the uncomfortable gifts of seeing, which plague her throughout life - all of these things are seen through the eyes of Relativity, when Time and Space seem confused.

Folded Dreams - the Beginning is a short story that is destined to become Folded Dreams - The Novel.

Or was it the other way around?
