For more than a thousand years, Eastern Christians have used their hands and hearts to create icons, proclaiming God's reality in a visible—and breathtakingly beautiful—way. This ancient art is enjoying a renewed interest in the West, as people of faith create icons and use them to meditate on mysteries for which there are no words.

A Brush with God is a guide to painting icons and using them in prayer. Written with warmth and energy, it describes the history of icons and examines why they've been a spiritual tool for so many centuries. Written from a uniquely Western perspective, the book guides artists—from novices to professionals—through the process of icon painting, using traditional techniques but employing contemporary materials. Included are eight full-color plates of the artist's icons.
