## **Government Pirates** Don Corace

After years of hard work and saving, you finally own a home. But don't get too comfortable. If government officials decide they want your property, they can take it—for a wide variety of shady reasons that go far beyond the usual definition of "public purposes." The courts have allowed these injustices to persist. And there is nothing you can do about it—not yet.

Real estate developer and property rights expert Don Corace offers the first in-depth look at eminent domain abuse and other government regulations that are strangling the rights of property owners across America. *Government Pirates* is filled with shocking stories of corrupt politicians, activist judges, entrenched bureaucrats, greedy developers, NIMBY (Not-in-My-Backyard) activists, and environmental extremists who conspire to seize property and extort money and land in return for permits. Corace provides the hard facts about individual rights and offers invaluable advice for those whose property may be in danger. It is the one book that every property owner in America has to read.
