Masculinity and Femininity in the MMPI-2 and MMPI-A Hale Martin

Masculinity and femininity remain among the more confounding constructs in the history of personality psychology and psychological assessment. In spite of years of research and thousands of empirical studies, masculinity and femininity are still so fraught with confusion and political controversy that several prominent psychologists have suggested that the terms be abandoned. In this informative book, Hale Martin and Stephen E. Finn bring clarity to this topic by comprehensively reviewing past research and theory and extensively exploring "masculinity" and "femininity" as they are measured in the widely used MMPI instruments.

Martin and Finn consider the factor structure and correlates of masculinity and femininity in the MMPI in multiple samples. Through their analyses, they are able to address such questions as: Is there such a thing as masculinity/femininity? If so, are masculinity and femininity separate constructs, or are they opposite ends of a bipolar dimension? What are the core aspects of masculinity and femininity? Are they the same for men and women? Do the meanings of masculinity and femininity vary across the human life span and in different cultures? To what extent are masculinity and femininity biologically or socially determined? Can masculinity and femininity be adequately measured by the MMPI-2 and MMPI-A?

This insightful work uses solid empirical methods to clarify significant constructs. It will be an essential resource for researchers in the areas of personality, psychological assessment, and gender studies, as well as for clinicians working with clients who have nontraditional gender identities.

From reader reviews:

Jules Thompson:

Book is usually written, printed, or outlined for everything. You can know everything you want by a e-book. Book has a different type. As we know that book is important issue to bring us around the world. Alongside that you can your reading skill was fluently. A book Masculinity and Femininity in the MMPI-2 and MMPI-A will make you to be smarter. You can feel more confidence if you can know about every little thing. But some of you think this open or reading some sort of book make you bored. It is far from make you fun. Why they are often thought like that? Have you seeking best book or suitable book with you?

Jennifer Newhouse:

Precisely why? Because this Masculinity and Femininity in the MMPI-2 and MMPI-A is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will zap you with the secret the idea inside. Reading this book next to it was fantastic author who write the book in such remarkable way makes the content inside easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this any more or you going to regret it. This excellent book will give you a lot of gains than the other book have got such as help improving your skill and your critical thinking technique. So , still want to postpone having that book? If I have been you I will go to the publication store hurriedly.

Charles Powers:

Many people spending their time frame by playing outside having friends, fun activity using family or just watching TV all day every day. You can have new activity to shell out your whole day by studying a book. Ugh, think reading a book can really hard because you have to use the book everywhere? It fine you can have the e-book, delivering everywhere you want in your Smartphone. Like Masculinity and Femininity in the MMPI-2 and MMPI-A which is getting the e-book version. So , try out this book? Let's see.

Joseph Johnson:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some book, they are complained. Just small students that has reading's heart or real their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Masculinity and Femininity in the MMPI-2 and MMPI-A can make you sense more interested to read.
