Fatal Forecast chronicles a dramatic fight for survival aboard two small fishing boats that were ambushed by a horrific surprise storm just southeast of Cape Cod.

Soon after the *Fair Wind* and the *Sea Fever* reached the fishing ground at Georges Bank, they were hit with hurricane-force winds and massive 90-foot waves that battered the boats for hours. The direction of the wind made it impossible to turn back. The *Fair Wind* soon capsized, drowning all but one of the crewmembers. The *Sea Fever* was nearly torn apart.

Here is the hour-by-hour account of the struggles faced by the eight crewmembers of the *Fair Wind* and the *Sea Fever*, including the incredible ordeal of Ernie Hazard, who endured three days in a lifeboat in open water. The book also details the dramatic rescue attempts made by the Coast Guard, on a day in which it received more mayday calls than any other in New England history.
