## **Russia in Private** Richard Yatzeck

From the very beginning of Russia's history, discord has been prevalent thanks to the ruinous jealousy of the nobles, the Pecheneg and Tatar invasions, and lost wars (or brutally costly victories, as in 1812 or 1945). Autocratic government with serfdom, famine, and gangsterism have been the Russian lot. Two questions: "Who is to blame?" and "What is to be done?", have plagued life in that one-sixth of the world's land surface since its conception, roughly 988 AD. During ten tours of Russia, between 1961 and 1997 (nearly thirty years in all), Richard Yatzeck was generously included in the political, kitchen table conversations concerning these very questions. Public discussion of such matters has never been safe. *Russia in Private* is an attempt to plumb the abyss between Russian and Western life, and explain how Russians understand and bear their history.
