Identities, Borders, Orders: Rethinking International Relations Theory (Barrows Lectures) Mathias Albert
Political Science

An interdisciplinary exploration of the role of sovereignty, national identity, and borders in international politics.

Informed by current debates in social theory, *Identities, Borders, Orders* brings together a multinational group of respected scholars to seek and encourage imaginative adaptations and recombinations of concepts, theories, and perspectives across disciplinary lines. These contributors take up a variety of substantive, theoretical, and normative issues such as migration, nationalism, citizenship, human rights, democracy, and security. Together, their essays contribute significantly to our understanding of sovereignty, national identity, and borders.

Contributors: Didier Bigo, Institut d'Etudes Politiques de Paris; Lothar Brock, U of Frankfurt am Main; Chris Brown, London School of Economics; Neil Harvey, New Mexico State U; Martin O. Heisler, U of Maryland; Rey Koslowski, Rutgers U; Friedrich Kratochwil, Ludwig Maximilians U, Munich; Ronnie D. Lipschutz, UC Santa Cruz; Richard W. Mansbach, Iowa State U; David Newman, Ben Gurion U of the Negev, Israel; Antje Wiener, Queen's U of Belfast; and Frankie Wilmer, Montana State U.

Mathias Albert is assistant professor in the Institut für Politikwissenschaft at Technische Universität Darmstadt. David Jacobson is associate professor of sociology at Arizona State University. Yosef Lapid is associate professor of government at New Mexico State University.

From reader reviews:

Jennifer Crowe:

Do you have favorite book? Should you have, what is your favorite's book? E-book is very important thing for us to learn everything in the world. Each e-book has different aim or even goal; it means that guide has different type. Some people experience enjoy to spend their a chance to read a book. They are reading whatever they have because their hobby is reading a book. Consider the person who don't like examining a book? Sometime, person feel need book whenever they found difficult problem or maybe exercise. Well, probably you will require this Identities, Borders, Orders: Rethinking International Relations Theory (Barrows Lectures).

Brian Rankins:

What do you ponder on book? It is just for students since they are still students or it for all people in the world, exactly what the best subject for that? Merely you can be answered for that issue above. Every person has distinct personality and hobby per other. Don't to be pressured someone or something that they don't would like do that. You must know how great as well as important the book Identities, Borders, Orders: Rethinking International Relations Theory (Barrows Lectures). All type of book are you able to see on many sources. You can look for the internet resources or other social media.

Maxine Whitley:

Many people spending their time by playing outside together with friends, fun activity along with family or just watching TV the entire day. You can have new activity to pay your whole day by looking at a book. Ugh, you think reading a book really can hard because you have to accept the book everywhere? It ok you can have the e-book, getting everywhere you want in your Cell phone. Like Identities, Borders, Orders: Rethinking International Relations Theory (Barrows Lectures) which is keeping the e-book version. So , try out this book? Let's notice.

Samantha Green:

What is your hobby? Have you heard in which question when you got scholars? We believe that that query was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person similar to reading or as examining become their hobby. You should know that reading is very important and also book as to be the point. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You will find good news or update with regards to something by book. Numerous books that can you take to be your object. One of them is actually Identities, Borders, Orders: Rethinking International Relations Theory (Barrows Lectures).
