Translated from German, In a Raging Inferno is the first English-language book ever to recount the story of the Hitler Youth and its combat role at the end of World War II. During the desperate final months of the Third Reich boys (and girls) as young as ten were thrown into action against the advancing British, American and Soviet armies, frequently fighting with a fanatical and suicidal fury. The author examines the combat deployment of the Hitler Youth - on the Eastern Front, the Western Front, and in provinces outside the German Reich, in addition to providing a number of rare and fascinating combat reports.
