Lingua Latina per se Illustrata, Pars I: Familia Romana Hans H. Ørberg

Hans Oerberg's Lingua Latina per se Illustrata is the world's premiere series for learning Latin via the Natural Method. Students first learn grammar and vocabulary intuitively through extended contextual reading and an innovative system of marginal notes. It is the only textbook currently available that gives students the opportunity to learn Latin without resorting to translation, but allows them to think in the language. It is also the most popular text for teachers, at both the secondary and collegiate levels, who wish to incorporate conversational skills into their classroom practice.

Familia Romana (Pars I of the Lingua Latina series) contains thirty-five chapters and describes the life of a Roman family in the 2nd century A.D., and culminate in readings from classical poets and Donatus's *Ars Grammatica*, the standard Latin school text for a millennium. Each chapter is divided into two or three *lectiones* (lessons) of a couple pages each followed by a grammar section, *Grammatica Latina*, and three exercises or *Pensa*. Hans Oerberg's impeccable Latinity, humorous stories, and the Peer Lauritzen illustrations make this work a classic. The book includes a table of inflections, a Roman calendar, and a word index, *index vocabulorum*.

The Lingua Latina series incorporates the following features:

- The most comprehensive treatment of Latin grammar available in an elementary textbook.
- A vocabulary of almost 1,800 words, reinforced by constant and creatively phrased repetition, vastly expands the potential for later sight reading.
- A complete line of ancillary volumes, exercises, and readers both in print and online.
