Per quale strano motivo la chiocciol@, un animale dalla lentezza esasperante, oggi è diventato uno dei simboli della rapida Era multimediale?

Insegnare al vostro gatto l'uso del navigatore satellitare per sopperire al suo ormai scarsissimo senso dell'orientamento, vi sembra un'idea realizzabile?

Riuscite ad immaginare i pensieri di un archeologo del futuro che si trovi a dover decifrare le cs ke tt scrvm negli SMS :-o?

Credete che oggi giorno sia possibile trovarsi nella condizione di dover lavorare in nero in uno studio legale?

In questo libro, attraverso situazioni surreali e favole popolate da animali e da bizzarri personaggi, viene fatta una satira dei tempi attuali ovvero: i tempi che corrono.

Tempi questi segnati dalla tecnologia, dalla frattura generazionale creata dalla rivoluzione digitale ma anche tempi pieni di contraddizioni ed ingiustizie sociali.

Ispirandosi allo stile diretto del celebre poeta romano Trilussa, l'autore offre numerosi spunti di riflessione.
