## **The Erich Fromm Reader: Readings Selected and Edited by Rainer Funk** Erich Fromm

Fromm's basic idea was to look at the individual as a social being and to look at society as an ensemble of many individuals who have not only common ideas and convictions based on a common practice of life but also a common psychic structure. With his concept of "social character" he created a new interdisciplinary thinking presented in this reader.

*The Erich Fromm Reader* exhibits the true genius of an original thinker in seeing the connections between overlapping knowledge from many different fields. Here interdisciplinarity is not only a lip service but the impact of Erich Fromm's unique social psychological notion.
